Re: Upgrade of Tippecanoe Street NE

Dear Property Owner,

On Tuesday, September 6th, the Ham Lake City Council during a budget meeting directed the City Engineer to suspend the preparation of plans of Tippecanoe Street NE south of Constance Boulevard (CR 60) due to financial constraints of the current economic conditions. Once the Constance Boulevard Terrace plat is filed with Anoka County, Ham Lake Public Works Department will install gravel to connect 162nd Lane NE to the existing Tippecanoe Street NE and close Tippecanoe Street NE north of 162nd Lane NE. No further design or work will be completed until the City Council directs the City Engineer to complete the plans for the project.

If you have any questions or concerns, please contact me at dkrugler@rfcengineering.com or at (763) 862-8000. Thank you.

Sincerely,

RFC Engineering, Inc.

Dave Krugler, P.E.

Ham Lake City Engineer
